## Trail Map

Managed by:

Established in 1967 as a tribute to Lexington businessman and philanthropist, Clyde E. Buckley, this 374 acre preserve was set aside for indigenous wildlife conservation, public enjoyment and education. Formerly managed by the Audubon Society, Life Adventure Center (LAC) assumed management in 2013. LAC hosts hundreds of children though field trips and offers public conservation education events each year.

LAC also offers FREE camps and retreats at its main facility in Versailles for underserved kids, veterans recovering from PTSD and others recovering from trauma.
